Guaranteed response times		
Small changes	Moderate changes	Large changes
24 hours	72-96 hours	1-3 calendar weeks

Subscription Details

1. The monthly Maintenance and Hosting Subscription Plan is required for clients of Studio902 Web Solutions who purchase a web site from us, or may be purchased separately for web site clients who previously have not had a plan or those who purchased their web site and hosting from someone else. In any case, monthly plans are based on the amount of work which is reasonably expected to need to be done (which is loosely tied to the number of pages managed) and the hosting and domain plans managed. Clients not hosting with Studio902 Web Solutions will be required to move their hosting and domain names to Studio902.net so that we can manage them under this plan.
2. For purposes of this document, the word "Plan" refers to the features and benefits and how they are applied and executed. The words "Subscription" and "Contract" are used interchangeably and refer to the term of the plan which is for a specific duration and contains early cancellation penalties.
3. This plan helps keep your web site current so that Google and other search engines continue to index and rank your site on a regular basis. It also provides a way to have cosmetic, functional and (in some limited situations) navigation changes made to your web site without initiating another web design contract each time a change is needed. It also provides discounts off our regular web design fees for major changes to your site involving more than 1 hour of work for any single event or change.
4. Guaranteed response times mean that adding timely content and announcements will not be unnecessarily delayed.
5. Monthly Hosting and maintenance plans require a minimum commitment of one (1) year with monthly payments debited from your PayPal account. You may fund your PayPal account however you see fit, but for automatic monthly draws a PayPal account is required. If you do not have a PayPal account, please contact us for other billing options.
6. This is an ongoing subscription beginning on the inception date (defined as when payments commence) and ending when either party terminates the subscription according to its terms. Studio902 must be notified of your intent to cancel the subscription 30 days in advance. Cancellation fees (equal to three monthly payments) apply and will be assessed for early termination (prior to completing one full year of service).
7. Studio902 reserves the rights to alter, modify and revise the terms, conditions and pricing of this plan for any reason and at any time, provided ninety (60) days written notice is given to client. At time of modification, client shall have the right to refuse the changes and cancel the subscription, without prejudice or cancellation fees, or accept the changes and continue the subscription.
8. Electronic signatures or electronic acceptance of terms shall have the same force as a written signature and is binding on the parties hereto.

I, the undersigned, agree to the terms and conditions of this Maintenance and Hosting Plan Subscription and consent to having the monthly subscription price deducted from my PayPal account by Salt & Light Impressions, LLC.
